DISCUSSION

The Kinship Care benefit is a public assistance payment of \$220 per month per child paid to a qualified relative who bears no legal responsibility to support the child. In Wisconsin, this benefit replaces the former Non-Legally Responsible Relative (NLR) Aid to Families with Dependent Children (AFDC) payment. To be eligible for the payments, the relative must meet all of the conditions set forth in Wis. Stat. §§48.57(3m)(am)(1-5) or 48.57(3n)(am)(1-6). Subsection (3m) concerns Children in Need of Protection or Services (CHIPS) and subsection (3n) concerns guardianship cases.

In this case Petitioner does not yet have guardianship, so Petitioner is not eligible to receive Kinship under Wis. Stats. §48.57(3n).

This case turns on whether Petitioner meets eligibility criteria under Wis. Stats. §48.57(3m)(am)(1-5) which states in pertinent part:

...A county department and, in a county having a population of 500,000 or more, the department shall make payments in the amount of \$220 per month to a kinship care relative who is providing care and maintenance for a child if all of the following conditions are met:

1. The kinship care relative applies to the county department or department for payments under this subsection and the county department or department determines that there is a need for the child to be placed with the kinship care relative and that the placement with the kinship care relative is in the best interests of the child.
2. The county department or department determines that the child meets one or more of the criteria specified in s. 48.13 or 938.13, that the child would be at risk of meeting one or more of those criteria if the child were to remain in his or her home or, if the child is 18 years of age or over, that the child would meet or be at risk of meeting one or more of those criteria as specified in this subdivision if the child were under 18 years of age.

The Need for Placement and the Best Interests of the Child

The Wisconsin Administrative Code, at §DCF 58.10(1), describes the “need” for placement as follows:

...The agency shall determine that the child needs the kinship living arrangement by determining at least one of the following:

- a) The child's need for adequate food, shelter and clothing can be better met with the relative than with the child's parent or parents.
- b) The child's need to be free from physical, sexual or emotional injury, neglect or exploitation can be better met with the relative than with the child's parent or parents.
- c) The child's need to develop physically, mentally and emotionally to his or her potential can be better met with the relative than with the child's parent or parents.
- d) The child's need for a safe or permanent family can be better met with the relative than with the child's parent or parents.

Placement of the children was not an issue at the hearing.

The risk that the children would meet the criteria under Wis. Stats. §48.13

Wis. Stat. §48.13, which provides for jurisdiction over children alleged to be in need of protection or services and states in relevant part:

The court has exclusive original jurisdiction over a child alleged to be in need of protection or services which can be ordered by the court, and:

- (1) Who is without a parent or guardian;
- (2) Who has been abandoned;
- (2m) Whose parent has relinquished custody of the child under s. 48.195 (1);
- (3) Who has been the victim of abuse, as defined in s. 48.02 (1)(a), (b), (c), (d), (e) or (f), including injury that is self-inflicted or inflicted by another;
- (3m) Who is at substantial risk of becoming the victim of abuse, as defined in s. 48.02 (1)(a), (b), (c), (d), (e) or (f), including injury that is self-inflicted or inflicted by another, based on reliable and credible information that another child in the home has been the victim of such abuse;
- (4) Whose parent or guardian signs the petition requesting jurisdiction under this subsection and is unable or needs assistance to care for or provide necessary special treatment or care for the child;
- (5) Who has been placed for care or adoption in violation of law;
- (8) Who is receiving inadequate care during the period of time a parent is missing, incarcerated, hospitalized or institutionalized;
- (9) Who is at least age 12, signs the petition requesting jurisdiction under this subsection and is in need of special treatment or care which the parent, guardian or legal custodian is unwilling, neglecting, unable or needs assistance to provide;
- (10) Whose parent, guardian or legal custodian neglects, refuses or is unable for reasons other than poverty to provide necessary care, food, clothing, medical or dental care or shelter so as to seriously endanger the physical health of the child;

- (10M) Whose parent, guardian or legal custodian is at substantial risk of neglecting, refusing or being unable for reasons other than poverty to provide necessary care, food, clothing, medical or dental care or shelter so as to endanger seriously the physical health of the child, based on reliable and credible information that the child's parent, guardian or legal custodian has neglected, refused or been unable for reasons other than poverty to provide necessary care, food, clothing, medical or dental care or shelter so as to endanger seriously the physical health of another child in the home;
- (11) Who is suffering emotional damage for which the parent, guardian or legal custodian has neglected, refused or been unable and is neglecting, refusing or unable, for reasons other than poverty, to obtain necessary treatment or to take necessary steps to ameliorate the symptoms;
- (11m) Who is suffering from an alcohol and other drug abuse impairment, exhibited to a severe degree, for which the parent, guardian or legal custodian is neglecting, refusing or unable to provide treatment; or
- (13) Who has not been immunized as required by s. 252.04 and not exempted under s. 252.04 (3).

It is the contention of Perez-Pena that the children do not meet any of the criteria enumerated above.

Given that the father has no AODA issues, no mental health issues and no prior involvement with child protective services and given that there is no other evidence that he would otherwise abuse or neglect the children, there is no basis upon which to conclude that the children are at risk of becoming the subject of a CHIPs action, under the statute above. On the contrary, the father lives across the street from the children and does have regular, daily contact with the children. It is clear that the father is capable of caring for the children and that the children's living arrangement is one of convenience for the father, not one of necessity. Regrettably, convenience is not one of the eligibility criteria for receiving kinship care benefits. As such, the agency correctly denied Petitioner's application for benefits.

CONCLUSIONS OF LAW

Perez Pena correctly denied Petitioner's application for Kinship Care benefits.

THEREFORE, it is

ORDERED

That the petition is dismissed.
